

Label Applicator

# AP200-FB

The Godex AP200-FB Flatbed Semi-Automatic Label Applicator:  
A Precise, Versatile, and Productive Solution

The Godex AP200-FB Flatbed Semi-Automatic Label Applicator is a sophisticated solution for businesses of all sizes that require precise and efficient labeling of flat products.

Featuring an ultrasonic sensor, the AP200-FB can recognize transparent gap labels without the need for a black mark, offering greater flexibility with label orders and reducing the challenges of labeling preprinted labels. Ideal for small to medium batches, the AP200-FB can be used to label a wide range of flat products, including boxes, flat bottles, canisters, jar lids, bags, cheese, and more.

By automating the labeling process, the AP200-FB can help businesses to increase productivity and reduce the risk of human error.

Additionally, the AP200-FB can be integrated with a Godex TT printer to create a complete inline print-and-apply batch labeling solution.
